Regular Meeting of the Board of Aldermen,
City Hall, Somerville, Feb 28, 1874, 8 P.M.

The Honor. Mayor Hoadly King, presiding.

Aldermen Phillips, Hamblin, Gilbert, Stockbridge, Andrews,
 Riley, Sparrow and Whitney, present.

Be it ordered, approved

In pursuance of an order passed Feby. 5, a hearing was given Hearing,
 on for all persons desiring to object to the granting of the petition
 of Jacob Demont for permission to erect and use a six horse steam
 sawing, team engine and boiler, for sawing wood in a wooden
 building at 120 Linwood St. coal and wood to be used for fuel,
 due notice of the hearing having been given by publication of the
 petition and order in the Somerville Journal of February 10th inst.

No person interested attending and desiring to be heard the
 hearing was closed.

Later in the evening the hearing was re-opened to enable some
 who had come in since the appointed hour, to be heard.

Mrs. John. Healy, William Green, Charles Warren and John
 Duffy, brothers owners and residents on Maple Street, the rear line
 limit of whose lots form the rear line of lots on Linwood Street, in-
 cluding the ones occupied by the petitioner, appeared and objected
 to the granting of the petition, because their buildings were within
 a few feet of the building in which the engine is to be placed, and
 would be in danger of taking fire from the sparks from the engine.
 Their insurance rates would also be increased and the noise from
 the engine and from the sawing of the wood would be a nuisance.

No other person interested appearing and desiring to be heard,
 the hearing was closed.

The Mayor presented the following communication

City of Somerville,

Mayor ✓
Veto

Wednesday, February 28, 1894.

Mayoral Office, February 28, 1894.

To the Board of Aldermen of Somerville.

Gentlemen,

I respectfully return to the Board of Aldermen, in which it originated, an order for the bearing of Somerville Avenue and appropriating the sum of forty-five thousand dollars therefor, without my approval of the same.

While the improvement sought to be accomplished is in the line of my previous recommendations, and I am willing to approve an order for an appropriation not exceeding twenty thousand dollars which is nearly the amount expended in paving Washington last year, I am convinced that the expenditure of forty-five thousand dollars in a single year is altogether too large an amount, considering the needs of other departments and the calls for money to be borrowed on the Funded Debt Account.

Read and sent down for information.

In Common Council, March 1. Read for information.

Order

The order for the bearing of Somerville Avenue, from Park Street to Elm Street, and appropriating \$45,000.00 therefor which was passed at the last meeting presented to the Mayor February 28, and returned by him with the foregoing communication, was -

Report

Examination

Treasurer's Books

To The City Council of Louisville,

The Committee on Finance to which was referred the Annual Report of the Treasurer and Collector of Taxes for the year 1893, respectfully reports that an examination of the said report has been made this day by the entire committee. In connection with this examination a careful comparison has been made with the books of the City Auditor, and with the financial statements received from the several committees, boards and offices of the city, accountable for the use of the city funds. The cash account of the Treasurer has been verified by actual count of the cash on hand, and the balances shown to be in the banks of deposit have been confirmed by the offices of the several banks.

This task which might be considered laborious, occupying us it will the entire day was rendered comparatively easy by the thorough knowledge of his business proceedings by the City Treasurer, and the close observation of every detail of his report.

We desire to bear witness to the orderly and business like methods of his office, and the condition of his books and accounts, which are models of neatness and care.

We have discovered no error in any particular, and recommend that his report be accepted and printed in the Annual Report of the year 1893.

Regular Meeting of the Board of Aldermen.City Hall, Somerville, May 9, 1894. 8 P.M.President Andrews presiding.Aldermen Andrews, Gamblin, Gilbert, Stockbridge, Phillips, Wiley, Sparrow and Whitney present.Records approved.Alderman Gilbert offered the following order.Ordered,-

That a messenger be sent to the Common Council requesting a convention of the two branches of the City Council in the Common Council chamber this evening for the purpose of hearing all persons who may desire to object to the taking of land for the purpose of a common sawmill in North Union St. in pursuance of an order for such hearing passed March 28th.

Also it is ordered Alderman Gilbert appointed messenger to convey the request to the Common Council.

In Common Council, May 9, 1894. Request granted and Councilman Nichols appointed to convey the message to the Board of Aldermen.

Convention of the City Council.

The President of the Board of Aldermen, Alderman Andrews, presiding.

Aldermen Andrews, Gamblin, Gilbert, Stockbridge, Phillips, Wiley, Sparrow and Whitney, President Vassal, and Councilmen Rich, Hildene, Parker, Pratt, Fisher, Baynes, Anthony, Russ, Brown, Chandler, Nichols, Berry, Blairstown Ward Two, Clerk of Ward Three and Fairbanks, present.

Wednesday May 9, 1894.

Hearing ✓

In pursuance of orders passed March 23 and this evening, a hearing was given for all persons desiring to object to the taking of land for the purposes of a common sewer in North Union Street; all parties interested having been duly notified as appears by the Officer's Return enclosed on page 275 of volume 1 of the Records of Taking of Land for and Orders to Construct Sewer, of the Mayor and Aldermen of the City of Somerville.

Mr. George R. Burrows appeared and objected because every house and lot on the street is now provided with drainage, either in the Mystic Ave. sewer or into drain tiles by himself in North Union St. and connected with a public sewer at the foot of the street. The only building needing drainage is Mrs. Reed's large stable which he built contrary to law. The public sewer at the foot of the street empties into a bay latr. having no outlet, which is full of the sewage deposited and is a nuisance; and the proposed sewer would be connected with this public sewer.

He objected also because of the expense.

Mr. John H. Barlow appeared and objected because he now has perfect drainage. The stench from the sewer outlet is bad and he did not want it increased by any additional drainage.

Mr. F. B. Burroughs, for Mrs. Sylvia Ham, appeared and objected because she is already provided with drainage into the Mystic Avenue sewer, having paid an assessment of \$87.68.

Mrs. Bartlett - for his wife Sadie J. Bartlett, - and Mrs. Mary Dunbar appeared and objected because their estates are drained into the Mystic Ave. sewer.

Mr. Bradlock, for Emma J. Bradlock, appeared and favored a sewer. He said the drain from his foundry is connected with the drain belonging to Mr. Burrows, who has threatened to cut it off and has the power to do so at any time. He also made a sewer for another building some distance from the street which he lets for manufacturing barboses and is too low to drain into Mr. Burrows drain.

No other persons interested appearing and desiring to be heard the hearing was closed.

Wednesday May 9, 1894

President Andrews presiding.

Aldermen Anderson, Hamblin, Gilbert, Stockbridge, Phillips, Wiley, Sharpe and Whitney present.

In pursuance of an order passed March 28, a hearing was given for all persons desiring to object to the construction of a brick sidewalk with edging stones, on the southwesterly side of Elm St from Russell Street to Davis Square; all parties interested having been duly notified, as appears by the Officer's Return recorded on page 134 of volume 2 of the Records of Sidewalk Hearings and Construction of the Mayor and Aldermen of the City of Somerville.

Messrs Charles W. Tracy, George H. Conant and Peter B. Moore, Esq. and G. L. Stevens appeared and objected because the present sidewalk is good enough and because of the expense.

No other persons interested appearing and desiring to be heard the hearing was closed.

The ordinance, No 49, passed to be enrolled by this board April 11, entitled An Ordinance to Amend Section One of Chapter Four of the Linen Ordinances in regard to the Annual Appropriation Bill and recorded on page 436 of the books of Enrolled Ordinances in the City Clerk's office, was received back from the Common Council endorsed as follows:-

Wednesday, June 27, 1894.

Hearings

In pursuance of order passed May 33, and this evening, hearings were given - for all persons desiring to object - on the Laying out of Cypress street
and
Robinson street
and the taking of land for the purposes of a common sewer in
Leland street;
all parties interested having been duly notified, as appears by the Officers Returns recorded, respectively, on pages 43, and 51, of volume 2, of the Records of the Laying out of Streets, and page 273 of volume 1, of the Records of the Taking of Land for and Orders to Construct Sewers, of the Mayor, and Aldermen of the City of Somerville.

No persons interested appearing and desiring to be heard, the hearings were closed.

Convention dissolved

Board of Aldermen

On Board of Aldermen.

Mr. Brown, Mayor Hodgkins, presiding.

Aldermen Andrew, Hamblin, Gilbert, Stockbridge, Phillips, Riley, Sparrow, and Whiting present.

Hearing

In pursuance of an order passed June 13 a hearing was given for all persons desiring to object to the removal of two certain trees on Lyon street, in front of the estate owned by William Taylor, due notice having been given as directed by said order.

Wednesday, June 27, 1894

No persons interested appearing and desiring to be heard, the hearing was closed.

In pursuance of order passed May 23, hearings were given for all persons desiring to object to the construction of sidewalk in

Beacon street.

Broadway, from Rush to near Rose,

Broadway, from Rose to near Allens

all parties interested having been duly notified, as appears by the Officers Returns, recorded, respectively, on pages 167, 170, 173, 176, 179, 182, 185 and 188 of volume 2 of the Records of Sidewalk-Bearings and Construction of the Mayor and Aldermen, of the City of Somerville.

On Beacon St. - Mrs. H. Chapman appeared and objected because the sidewalk seemed unnecessary as most of the travel is on the other side of the street and the present sidewalk would do well enough. He therefore did not wish to bear an assessment.

On Broadway from Rush to near Rose. - Stark & Davis, aldermen, and objected, for himself and also for his brother, Charles A. Davis, to the laying of a brick walk fifteen feet wide. They would like to have a brick walk about ten feet wide with a grass plot between it and the curbstones. This was what they understood the petition, which they signed, prayed for. Their objections were also presented in writing.

On High street. - Elsworth Fish appeared and objected in behalf of Sarah G. Fish, because she holds only a life interest in her property and is advanced in years.

Hearings

and it would be hard for her to pay the assessment.

On Hollace St. - J. Frank Crowley appeared and objected because he thought a brick walk unnecessary as there is a good one on the other side of the street and there are several crossings laid. Some crushed stone screenings would make the present sidewalk very good. He also objected because of the expense.

No other persons interested appearing and, during the hearing, the hearings were closed.

Appointments

The Mayor designated James T. Darley, as, an additional suitable person to name to be interested the bodies of Indigenous Soldiers, Sailors, and Marines dying in this city, under the provisions of law.

Regular Meeting of the Board of Aldermen
City Hall, Somerville, July 11, 1894. - 8 P.M.

H. H. How, Mayor Hodgkins, presiding.

Aldermen Andrews, Gamblin, Phillips, Riley, Sommervile, and Whitney present.

Records approved

Hearings

In pursuance of an order passed June 27, hearings were given for all persons desiring to object to their assessments laid on that date for common sewers in Glen Street,

Jersey Lind Avenue

Laurel Place

Pearl Street Place

Snow Terrace

and

Whale Street,

due notice having been given by the City Treasurer, on the back of the assessment notices.

David A. Johnson and Alexander H. Sprout, appeared - the former, on behalf of Mr. Hyatt - and objected because certain lots which abutted on the line of the sewer in Jersey Lind Avenue had not been assessed and by such omission their assessments were made more than they otherwise would have been.

No other persons interested appearing and desiring to be heard, the hearings were closed.

The objections were referred to the Committee on Sewers.

Hearings

In pursuance of an order passed June 27, a hearing was given for all persons desiring to object to the granting of the petition of Parley B. Wright and Albert

Wednesday, July 11, 1894.

Thorpe for, a license to keep six horses in a stable to be erected on, the westerly side of Barnet street; due notice having been given, as directed by said order.

Mrs. James H. Rose, living at 34 Thorpe Place, and Mrs. Marion D. Osgood appeared, and objected because there are already five stables on the westerly side of Barnet street, and four on the easterly side, of Thorpe Place, - the rear line of the lots, on which meet, and the addition of another large stable would cause some of the tenants of the houses there located to vacate, and the lessor would not let so well, or to such good tenanted.

Of the eight houses in Thorpe place, five, occupied by nine families, were owned by Mr. Osgood, who also owned three large houses, on Highland avenue, which occupy all the land between Thorpe place, and Barnet street, and lives in one of them.

Mr. Osgood also presented a remonstrance against the granting of the petition, signed by himself and four others.

No other persons interested appearing, and desiring to object, the hearing was closed.

The resolution was referred to the Committee on Special Building Permits.

On the appointment of John H. Murray, as a Special Police without pay, made and confirmed at the last meeting, the mayor stated that his correct name was John T. Murray, and it was desirable that this appointment be annulled, and another made in his correct name.

Appointment

On motion of Alderman Andrews the confirmation of said appointment was reconsidered, and the Mayor withdrew the appointment.

The Mayor appointed, as Special Police without pay, - John T. Murray, who is jailor, of St. Joseph.

Regular Meeting of the Board of Aldermen
City Hall, Somerville, Sept. 13. 1894. 8 P.M.

Hon. James Mayor & Rodger, presiding.

Aldermen Andrews, Hamblin, Gilbert, Stockbridge, Phillips, Studley, Sparrow and Whitney present.

Records approved.

Hearing

In pursuance of an order passed August 13, a hearing was given for all persons interested in the petition of the West End Street Rail-way Company, for locations for two turnouts, - one on Brow Street, between Flint and Oliver Streets, and the other on Highland Avenue near Hilltop Avenue; - due notice having been given, as appears by the City Clerk's return recorded on page 244 of volume 1 of the Records of Poles and Wires, Street Railways and Housing Buildings, of the Mayor and Aldermen of the City of Somerville.

Mr. Cummings, Vice President, and Mr. Studley, Division Superintendent of the West End Street Railway Company appeared and stated that the company was running a ten-minute line, and occasionally delays were caused by the lack of sufficient turnout.

It was proposed to construct a "split" turnout on Brow Street, because of the narrowness of the street, and a side turnout on Highland Avenue. A double track with a paved street would be preferable in every way in Brow Street, but there was not time to construct that this fall. In answer to Alderman Riley, Mr. Cummings did not know whether the company would consent to pave the entire street if granted a location for a double track in Brow Street.

No other persons interested appearing and desiring to be heard, either to favor or oppose, the hearing was closed.

Hearing

In pursuance of an order passed Aug. 27, a hearing was given for all persons desiring to object to the removal of the tree standing at the north east corner of Summer and South Streets; due notice having been given and acted by said order.

Wednesday September 12, 1894.

No. 1. No person interested appearing and desiring to be heard, the hearing was closed.

In pursuance of orders passed July 11, hearings were given for Bearings[✓] all persons objecting to the construction of a brick sidewalk in Hanover Street, - Northly side, from Walnut Street to the southwardly line of the estate owned by George H. Wentworth, and Hanover Street - southly side, from Walnut Street to lands of Henry Jones, -

All parties interested having been duly notified, as appears by the official histories, recorded, respectively, on pages 194 and 191 of volumes of the Records of Sidewalks, - hearings and construction of the foregoing and claimants of the City of Somerville.

No person interested appearing and desiring to be heard, the hearings were closed.

Alderman Gilbert offered the following order.

Moved,

Under

That a message be sent to the common council, requesting a convention of the two branches of the city council, in the common council chamber this evening, for the purpose of giving hearings for all persons who may desire to object in the matter of the laying out of all Arms and of Dowell street, from Bradford Street to Concordia, a notice being given for the purpose of a common convocation in Pittman Street, in pursuance of orders for such hearings passed July 11.

Alderman and Alderman Gilbert appointed messenger to convey the message to the Common Council.

In Common Council Sept 12, Request granted and councilman Alderman authorized to convey the message to the Board of Aldermen.

In convention of the City Council.

Convocation

His Honor Mayor Godlyne presiding

Wednesday, September 12, 1874.

Aldermen Andrews, Hamblin, Gilbert, Stockbridge, Phillips, Tilley, Sparrow and Whitney, President Naom, and Councilman Rice, Parker, Pratt, Stanley, Hayes, Rose, Downe, Chandler, Nichols, Berry, Clarke of Ward Two, Clerks of Ward Three and Taunton present.

Hearings

In pursuance of orders passed July 11, and this evening, hearing was given for all persons desiring to object in the matter of the laying out of

Hall Avenue

and

Lowell Street from Medford St to Vernon St

all parties interested having been duly notified, as appears by the Officer's Returns, recorded respectively on page 59 and 67 of volume 2 of the Records of the Surveying out of Streets, of the Mayor and Aldermen of the City of Somerville.

On Hall Avenue,-

Mrs Charles A. G. Winter appeared in behalf of Ida. H. B. Wyman, Annie E. Horriss and one other, whose name he did not give, and objected because the plan of the laying out, in accordance with which these persons related to the city, was not the same as the plan by which it is now proposed to lay out the avenue, which latter plan shows three different grades. Consequential that the matter be re-committed to the committee.

On Lowell Street,-

John J. Harrigan Esq. appeared as attorney for Michael Splane, Catherine Downey and Mary C. Downey, and objected, in Mrs Splane's behalf, because the proposed laying out would be of no benefit to him as it would not increase the rent or the value of his property, and in behalf of the other two clients named, because they are now building a store at the corner of Medford and Lowell Streets, on a portion of the land which it is proposed to take for the laying out of the street, and such laying out would, &c. necessarily require a change in the plans. Anything further he might have to say he would present when the matter of damages was to be considered.

No other persons interested a hearing and desiring to be heard, the hearings were closed.

H. S. & J. S. Jan. 12, 1894.

Hearing

In pursuance of orders, passed July 11, and this evening, a hearing was given for all persons desiring to object to the taking of land for the purposes of a common sewer in

Pitman Street, from Spring St. to Beach Street, all parties interested having been duly notified, as appears by the Office Returns, recorded on page 291 of volume 1 of the Records of the Taking of Land for and Orders to Construct Sewers, of the Mayor and Aldermen of the City of Somerville.

Patrick Keating, owning at the corner of Belmont Street abutters and objected, because he had a drain into the Belmont Street Sewer, which cost him \$100.00, and he needed no sewer in Pitman Street.

Henry H. Nelson, representing the estate of Harry H. Nelson, appeared and objected, because a sewer would be of no benefit to the lands. The property fronting on Spring Street and extends 366 feet on Pitman St. and could be drained more easily into Spring Street than through the ledge into Pitman Street.

J. Roger Wentworth Esq., appeared in behalf of A. R. Sturtevant, owner of his property in Pitman Street, accused George T. Samont, and objected, because the proposed sewer would be of no benefit to him, as it would drain into Somerville. Venue.

Mr. Daniel Smith would also object in his own behalf if the rate of assessment is to be more than that usually laid for sewers.

Mrs. Susan A. Lister, appeared in behalf of the heirs of George Hollister and objected because the cost would be more than they could bear, as the land is worth, as they would never build upon it.

Thomas Neely, appeared in his own behalf and also that of the heirs of Maurice Terry, saying they would not object if they could be assured the cost would not be excessive, but as the street is all ledge the sewer must be very expensive.

No other parties interested appearing and desiring to be heard the hearing was closed.

The purpose for which it was assembled having been accomplished, the convention was dissolved and the Mayor and Aldermen returned to their chamber.

Received & Order

John S. Harrington, was permitted to advise the board when the
question of damages.

In behalf of his client, Michael S. Lane, he said. Mr. S. Lane consider-
ed his land to be taken, since the lines of Bowell Street as it is now

Wednesday September 12, 1894.

open for travel, worth twenty-five cents per square foot, and his property would not be benefited, as it consists of cheap lumber which would not command any more rent after the laying out of the street than they do now.

In behalf of his clients, Catherine and Mary D. Conroy, Mr. Carrigan said they had expended \$312.00 in the erection of a store, fronting on Bedford St. and with its side on the line of Lowell St. as now open. This store is nine feet wide on the rear end and at that end is a staircase and also a window. The widening would cut off the side of the store and deprive it of the window and staircase mentioned, leaving no means for light or ventilation at the second, and instead of \$25.00 it would probably not rent for more than \$15.00 to \$17.00 per month.

The land was probably worth about forty cents per foot.

The resolution and order were read twice and adopted and sent down for concurrence.

In Common Council Sept. 12, Read twice and adopted, in concurrence.

The resolution and order submitted with the school at the Committee on Highways, July 11, for the laying out of Wall Avenue was re-committed to said committee and sent down for concurrence.

Herman Camlin offered the following resolution
referred:

That in the opinion of the City Council the storage
and keeping of petroleum and its products upon the premises, known
as the Fisher Oil Works, at the junction of Somerville Avenue and Fitch-
burg Railroad, from the danger of fire and explosion imperil the safety
of the neighborhood; that the fact of the great danger, thereby involved,
and it is impossible that such substance can be stored without
constant peril to the thickly settled neighborhood and the large manu-
facturing establishments near by, is conclusively demonstrated by the last
conflagration, which have occurred at said Works, and which were with
difficulty subdued; that the public interest, and the safety of a thickly
settled portion of the city require the storage and keeping of oil on
said premises should be prohibited; and that the City Council do now
in their wise discretion that such storage and keeping of oil should
be restrained and prohibited by all lawful means.

Notice of the hearings being given by the city treasurer on the notice of assessment.

Maggie T. Nefus of Ward 4 objected to her assessment for the sewer on Kidder Avenue, because she deemed it unfair. It was claimed to her however that all the assessments were made at a uniform rate and therefore none were excessive.

To other hearings, viz., those of fearing and desiring to object, the hearings were closed.

The Board also voted the following set of selection of officers for the year beginning Sept. 1, 1894, subject to confirmation.

Regular Meeting of the Board of Aldermen

City Hall, Somerville, October 24, 1894, 8 P.M.

His Honor, Mayor H. Dodge, presiding.

Aldermen Andrew, Hamblin, Gilbert, Stockbridge, Phillips, Wiley, Sparrow and Whitney present.

Records up to date.

In pursuance of an order passed September 26, a hearing was given for all persons desiring to object to the granting of the petition of the City of Cambridge for permission to blast away or 30 hours continually steal engine with a 48-horse boiler at the limehouse ledge at the end of Turnery Street, due notice having been published by the petitioners directed by said order.

Hearing

Edwin D. Sibley Esq., appeared as counsel for the nonconstricter and said his clients objected because the engine was already set up and in operation, in violation of law, long before the petition was made, and is used to remove stones from the ledge, the stone for which is blasted, in violation of the city ordinance, from the ledge in the quarry where the engine is in operation; that the engine is run at unreasonable hours - often far into the night, and that the stone is blasted in a manner detrimental to the comfort of the neighbors and dangerous to life and property.

Mr. Sibley introduced as witnesses James Wilson - 18 Clarendon Ave, Henry Burmanas 81 Clarendon St, Frederick Steckel - 65 Newbury St, John Gaffney - 16 Clarendon Ave, Theodore Peter - 27 Endicott Ave, and Olaf Hansen 69 Clarendon Ave, the substance of whose testimony was that the engine in question was set up and put into operation at some time between April 1, and July 31; that it is run evenings and sometimes as late as midnight; that the concussions from the blasts are terrific, - startling women, awakening children from their sleep and frightening them, throwing dishes from their shelves, cracking the ceiling and walls of houses, and throwing fragments of stone of considerable size into the yards and upon the roofs of houses, that the lime is not properly covered with timber to prevent the pieces of iron from flying, and that the boundary is not securely kept from the

each of children, - one little child having brought a quantity of it home in a pannier. The distance of the several houses from the quarry building containing the engines varied from 273 ft. to about 800 feet.

Concordia Downs appeared and said the trouble from the blasting was needless because the blasting was not properly done. Instead of drilling the large pieces that were blasted from the ledge, dynamite cartridges were exploded under them, causing the smaller pieces to fly a long distance.

Petition

Mr. Libby presented a petition signed by E. H. Woodley and more than eighty others praying that a favorable report on said petition from the City of Cambridge be withheld until all ordinances of this city are complied with at said ledge, and in case a license for blasting purposes be asked for that the petitioners be granted a hearing in the matter.

The petition was referred to Committee on Fire Department.

No other person interested appearing and desiring to be heard, the hearing was closed.

Hearing

On the petition of D. S. Mauley and others that their several houses situated on Curtis St., Raymond Ave., Professors Row, Mt. Pleasant Ave., and Somerville Ave. may be placed in connection with the sewer system of Somerville, a hearing was given in pursuance of an order passed October 10, due notice having been given by publication in the Somerville Journal of October 20, and by mailing a copy of the advertisement to each petitioner.

Mrs. G. H. Bonson, 114 Landie St.; A. T. O'Dowd, contractor; and Professors Row, M. P. Buckford, 9 Raymond Ave., and E. T. Morrissey, Landie Street, corner Raymond Ave., appeared in support of the petition, and said houses were needed because the cesspools, which they are now obliged to use, were offensive, unhygienic and prejudicial to health, and filled up and overflowed in a very short time, and that a ledge lies but a few feet below the surface in a portion of the neighborhood, causing the surface drainage to flow upon neighboring houses.

Mrs. L. H. Dow and Geo. W. Holden appeared and objected to the granting of the petition because they thought it premature, as a large part of the land is still used for farming purposes, and when the

Wednesday October 24, 1894.

Metropolitan water becomes available it will be more feasible and economical to connect a sewerage system for this neighborhood with that; therefore to build an outlet, one must now be done, through a long stretch of private lands to Packard's Ave. and thence to Broadway.

Mr. Holden said he was also authorized to object on the grounds stated, in behalf of Samuel F. Tufts.

Alderman Phillips said he was requested by Mr. Dugay, who was unable to be present, to object because his own farming land on Packard's Ave. and does not need a sewer there or wishes to be assured.

No other persons interested appearing and desiring to be heard, the hearing was closed.

The action, at, made by the Mayor October 13, at E. Parker works as Assistant Police without pay, was confirmed.

The Mayor, subject to confirmation of the Board, made herewith the following appointments as Police Patrolmen:

Lamoni Burns,

Wm. T. Googins

and

Johann Blackholz.

under the provisions of Chapter XVIII of the Revised Ordinances of 1891, and the Civil Service Rules, said to represent appointments to date in the cases of said Burns and Googins, from October 25, 1894, and in case of said Blackholz, from November 9, 1894.

Rules suspended and appointments confirmed.

Received a recommendation from the Chief Engineer of the Fire Department that Fred A. Blackburn be discharged from the department (Engineer No. 1), at his own request.

Discharge as recommended made by the Mayor and confirmed by the Board of Aldermen.

Business

from
Harbor Commissioners
to build sewer in tide
waters of Mystic River

Received the following license, with plans accompanying.

Commonwealth of Massachusetts

Seal

No. 1711.

Wednesday November 14, 1894.

Whereas, the City of Somerville, in the County of Middlesex, and Commonwealth aforesaid, has applied to the Board of Harbor and Land Commissioners for license to construct a sewer outlet in and over the tide-waters of Mystic River in the City of Somerville, and has submitted plans of the same; and whereas due notice of said application, and of the time and place fixed for a hearing thereon, has been given, as required by law, to the Mayor and Aldermen of the City of Somerville,

Now, said Board, having heard all parties desiring to be heard, and having fully considered said application, hereby authorizes and licenses the said City of Somerville, subject to the provisions of the nineteenth chapter of the Public Statutes, and of all laws which are or may be in force applicable thereto, to construct a sewer outlet, consisting of a 20-inch iron pipe, surrounded by gravel and concrete, and supported and protected by pile and timber work in conformity with the accompanying plan No. 1711, Beginning at a point marked A on said plan, in the high water line and 163 feet easterly from the easterly side line of location of the Eastern Railroad, and extending东北erly 45 feet to a point marked B on said plan.

The plan of said work is on file in the office of said Board, numbered 1711, and a duplicate of said plan accompanies this license, and is to be referred to as a part hereof.

The amount of tide-water displaced by the work hereby authorized, shall be ascertained by said Board, and compensation therefore shall be made by the said City of Somerville, to successors and assigns, by paying into the treasury of the Commonwealth thirty-seven and one-half (37 1/2) cents for each cubic yard so displaced, being the amount hereby assessed by said Board, the same to be reserved as a compensation fund for the harbor of Boston.

Nothing in this license shall be so construed as to impair the legal rights of any person.

This license shall be void unless the same, and the accompanying plan, are recorded, within one year from the date hereof, in the Registry of Deeds for the South District of the County of Middlesex.

In witness whereof, said Board of Harbor and Land Commissioners have hereunto set their hands this Nineteenth day of September in the year eighteen hundred and ninety-four.

 Middlesex, s.s.

At a meeting of the County Commissioners for the County of
 Middlesex, held at Lowell within and for said County on the first
 Tuesday of September, in the year of our Lord one thousand eight hun-
 dred and ninety-four.

The inhabitants of the City of Somerville and the City of Bedford
 in said County by their petition to said Commissioners - among other
 matters - pray that the boundary line of a certain County road called
 College Avenue lying partly in Somerville and partly in said Bedford

between Broadway and the bridge over the Boston & Lowell Railroad may be relocated and established as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners, at their meeting held at Cambridge, within and for said County, on the first Tuesday of January, A.D. 1893, when and where said Commissioners caused notice to be given to all persons and corporations interested therein of the time and place when and where they would meet for the purpose of viewing the premises and hearing the parties as by their order of notice on file and of record in the case will more fully appear. On the fourth day of April A.D. 1893 said alteration was deemed of common convenience and necessity. And there said petition was continued to this time.

And now the said Commissioners make return of their proceedings in the premise, as follows: The County Commissioners of said County, having given notice as the law directs, met at the College Hill station of the Boston and Lowell Railroad in said County, on the seventeenth day of May in the year eighteen hundred and ninety four, when and where the parties appeared, to wit, the petitioner by Sumner Robinson. And the premise having been examined, and all parties fully heard said Commissioners proceeded to lay out said College Avenue, and the following description is a true description of said street as hereby laid out and ordered.

The easterly line beginning at an iron bolt at the intersection of said easterly line with the westerly line of the lands of the Boston and Lowell Railroad near College Hill Station, said bolt being distant forty-eight and seven tenths (48.7) feet westerly from the centre line between the main tracks of said railroad, thence S. $37^{\circ} 29' W.$ four hundred forty-nine and sixty five hundredths (449.65) feet to a stake at station (4+49.65), thence on a curve of two hundred seventy eight (278) feet radius bearing to the left one hundred fifty five and eight tenths ($\frac{155.8}{155.4}$) feet to a stone bound at station $4\frac{1}{4} + 49\frac{65}{100}$, intersecting the boundary line between the cities of Medford and Somerville at a point distant easterly one and four tenths (1.4) feet from the centre of the stone monument marked 8D marking said boundary line, said point being at station 5+28.75. at station $6+05.45$, thence S. $5^{\circ} 23' .45$ one thousand four hundred and ten and one tenth (1410.1) feet to a stone bound at station $20+14.55$, thence on a curve of one hundred eighty two and four hundredths (182.04) feet radius bearing to the left one hundred thirty three and fifty two hundredths (133.52) feet to a stone bound, thence S. $35' 44' E.$ forty-five and seventy-five hundredths (45.75) feet to a stone bound, thence on a curve of ten and forty three hundredths (10.43) feet radius bearing to the left fifteen and six tenths (15.60) feet to a stone bound in the northerly line of Elm Ave. or Harvard St. in said Somerville.

The westerly line beginning at the railroad property line above described is parallel to and sixty (60) feet distant from the above described easterly line to a point opposite station $20+14.55$ of said easterly line, thence S. $5^{\circ} 23' N.$ one hundred twenty four and ninety two hundredths (124.92) feet to a stone bound, thence on a curve of one hundred forty two and thirty four hundredths (142.34) feet radius bearing to the right two hundred thirty and seven tenths (230.7) feet to a stone bound in the westerly line of Broadway.

The said easterly line above described intersects the easterly line of Boston Ave. Extension with a curve of one hundred thirty two and forty three hundredths (132.43) feet radius. Said easterly line intersects the westerly line of Boston Ave. extension with a curve of seventeen and two tenths (17.2) feet radius.

The westerly line intersects the northerly line of Professor Row, so called, with a curve of one hundred ninety eight and seven tenths (198.7) feet radius. The westerly line intersects the southerly line of Professor Row with a curve of sixty six and fifty five hundredths (66.55) feet radius.

The above courses are reckoned from the magnetic meridian and the description is intended to conform to a plan made under the direction of Charles Mills, dated 1894, on which the above described lines are shown in red. All portions of said highway not included within the above described lines from the railroad to Broadway and Elm Ave. or Harvard St. are hereby discontinued.

And the said commissioners determine and order, that the inhabitants of the said cities of Somerville and Medford shall on

Wednesday November 14. 1894

or before the first day of October which will bear the year 1895, lay open, construct, and complete said highway, so that twenty eight feet in width thereof throughout the whole, exclusive of gutters on the sides, shall be safe and convenient for the passage of teams of every description, with customary loads. The centre of the travelled part shall be the centre of the location. The form and manner of construction shall be as follows: All obstructions shall be removed from every part of the earth to the width aforesaid; and so shaped that the centre shall be seven inches higher than the sides by a circular, curved surface; all small inequalities shall be reduced to a level, or a regularly inclined plane, and greater rises and falls, to an angle not exceeding three degrees with the horizon; drains, ditches, and bridges constructed of stone, and of sufficient capacity, shall be made at all places necessary for conducting away the water; swampy and soft bottoms shall be raised at least three feet, and twelve inches on the surface of the whole part to be travelled upon shall consist of gravel or other material which shall be permanently hard; and permanent stone monuments shall be placed at each end, and at each angle, in said described line.

Where excavations are necessary, the banks on the sides shall not make a greater angle than forty five degrees with the horizon; railings shall be erected at all steps and dangerous places; and all walls and fences removed to the new lines of street; and the whole shall be done in a workmanlike manner, to the acceptance of said commissioners.

And the proprietors or occupants of the land, over which said highway is thus laid out, are allowed until first day of January next to remove therefrom any wood, timber or trees. And said commissioners having heard the proprietors of said lands by themselves or their agents, on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows, to wit:-

L. H. C. upon three hundred dollars	\$360.00
-------------------------------------	----------

And the said commissioners further order and determine that the sum of three hundred dollars is a fair and just proportion of the expenses of said alterations to be paid by the County; and said sum shall be paid out of the County Treasurer into the City Treasurer of Somerville whenever the Mayor of said city shall present a certificate certifying that all claims by reason of said alterations have been settled.

and said street shall be completed to the acceptance of said Commissioners. And the said Commissioners further determine and order that the said cities of Somerville and Medford shall pay all damages, costs and expenses (if any) not included in the above award that any party may by legal process obtain in consequence of said alterations throughout the whole of said highway, whereby ordered, straightened, altered and established.

And the said Commissioners further order, that the highway described in said return be, and the same is hereby established, as and for a public highway, and that the same be recorded to the end that the same may hereafter be known as such.

And the said Commissioners further order, that the said several sums of money estimated as damages to the said persons, by reason of this process, be paid to them respectively out of the City Treasury, when they shall present to the City Treasurer a certificate signed by the Mayor of the City in which the land lies, that the land over which said highway is located has been entered upon and possessed in taken for the purpose of constructing said highway.

In Witness Whereof, We, the said County Commissioners, have hereunto set our hands this sixteenth day of October in the year of our Lord one thousand eight hundred and ninety-four.

due notice of the hearings having been given on the assessment notices.

On the North Union Street Assessments, - George K. Burrows appeared, and objected in behalf of all the signers of the petition that no sewer be laid, as this sewer accommodated no one but Mr. F. D. Reed and all others were already accommodated by a private sewer. John H. Johnson appeared and objected to his assessment because he had a drain already and was not benefited by this sewer. John H. Burres appeared and objected to his assessment because his estate is drained into the Majestic Avenue sewer through Mr. Dunbar's private drain and had paid Mr. Dunbar for the privilege; also because this new sewer does not extend in front of his estate and he would have to cross his neighbor's land to reach it.

On Summer street assessments, from Willow Avenue southeasterly, Mr. Brook appeared and objected to his assessment because he already had a sewer in Hancock street, in front of his land.

No other persons interested appearing and desiring to be heard in either case, the hearings were closed.

The objections were referred to the committee on sewers.

Wednesday November 28, 1894

Hearings

In pursuance of an order passed November 14, hearings were given for all persons desiring to object to the removal of the elm tree standing on the northwesterly side of Somerville Avenue, near the westerly corner of Central street, or to the removal of the two balm of gilead trees standing on the easterly side of Davis Street, near Washington Street, in front of the estate owned by Sophia Shulin; due notice of the hearings having been given as directed by said order.

Mrs Lucy H. Stone appeared and protested against the removal of the tree on Somerville Avenue because it was a most beautiful tree, probably the largest and most beautiful in Somerville, and is of historic interest, as it was planted by Thomas Hand about 120 years ago.

Although the part overhanging the abutting land has recently been cut away, yet by properly treating the stumps of the limbs and painting them the tree might be preserved very many years. A footway might be made on the sides of the tree toward the street by cutting away the tops of the spur roots, and the sidewalk might be widened on a diagonal line from a point some fifteen feet distant from the tree. On the inner side of the tree a footway might be retained by having an arcade under the second story of the building to be erected, at the city might purchase the lot of land and use it eventually for a fire dept. station or for some other public building, setting the building back a little from the street, and by so doing actually effect a financial saving, as the erection of the proposed building which is to include some twenty-six tenements, would reduce the taxable value of the land on the opposite side of Central street and otherwise bring large expense upon the city. That part of Central should also be widened, as it is too narrow for a street of so much importance to public travel.

Mr John H. Woods appeared and objected to the removal of the Somerville Avenue tree, because of its great beauty and historic interest and health preserving properties. It measures 13 feet 4 inches in circumference and gives out fully six tons of moisture daily and absorbs an immense amount of noxious gases. If the limbs recently cut off were ^{at} close to the trunk, leaving the stumps slightly concave and were well painted, he thought the life of the tree would not be materially affected by the recent mutilation. He would judge by its appearance that the tree is perfectly sound. The planting of tree by the city would be a good

financial investment in enhancing the value of property and would be conducive to the public health.

No other persons interested appearing and desiring to be heard, in either case, the hearings were closed.

two hundred and seventy-eight and seventy-four hundredths, (278.74), feet; thence turning and running south $88^{\circ} 7'$ West five hundred and fifty-seven and eight hundredths, (557.8), feet; thence turning and running south $45^{\circ} 15'$ West twenty-two and forty-three hundredths, (22.43), feet to the Northwesterly line of Mystic Avenue; thence turning and running on said Northwesterly line of Mystic Avenue ten, (10), feet to the point of beginning.

Strip No 2. Beginning at a point on the Easterly side of said Grand Junction Branch of the Boston & Albany Railroad, thence running North $75^{\circ} 36'$ East twelve feet and eighty-three hundredths, (12.83); thence turning and running North $36^{\circ} 28'$ East three hundred and twenty, (320), feet more or less to the Mystic River; thence turning and running Southwesterly along said River; thence turning and running South $35^{\circ} 25'$ West three hundred and twelve feet, (312), more or less by a line parallel with and ten, (10), feet distant from the line hereinbefore described as three hundred and twenty, (320), feet in length; thence turning and running South $70^{\circ} 36'$ West nineteen and one hundredth, (19.01), feet to the Easterly line of said Grand Junction Branch of the Boston & Albany Railroad Company; thence turning and running Northwesterly along the Easterly line of said Grand Junction Branch ten and thirty-three hundredths, (10.33), feet to the point of beginning.

Both of said strips being shown on a Plan showing location of cover to be laid by the City of Somerville at the Mystic River, October, 1894, drawn by A. Russell, Chief Engineer, and herewith recorded, a copy of which is hereto annexed. Also the right at reasonable times and under reasonable circumstances, and so long as said cover remains on said premises and is used as such, to enter upon said strips and to examine said cover and repair, renew, or relay the same.

But the foregoing release of right is made only upon the following conditions:

First. That the said grantee shall so lay, maintain and repair its said cover as not to interfere with the use of the premises of the grant or across which said cover is laid, for tracks, for buildings, or for other railroad purposes, or with the moving or running of locomotives or trains upon said tracks.

Second. That the said grantee will forever furnish to the said grant or, its successors or assigns, without charge at any time to it or them the

Contract

Granted the following contract or agreement.

Warren E. Stock & others

concerning

Whereas, Warren E. Stock, of Somerville, Middlesex County, Massachusetts, is the owner of lot and building thereon, located on the corner of Albion and Central Streets in said Somerville, and

Central St.

Whereas the bottom of the cellar of said building is so high, that the ground water from the cellar cannot be drained into the street sewer, and. Whereas the City of Somerville permits said Stock to drain said ground water into the catch-basin, as hereinafter referred to,

Now Therefore in consideration of said permission the said Stock for himself, his legal representatives and assigns, and those who may hereafter own his estate in said premises, agree with the City of Somerville that he and they will fully comply with, perform and observe all the following provisions, conditions, and agreements, namely;

1. Said Stock may construct a drain in said Central Street, from his building to the catch-basin, the said drain to be located as shown on a plan (the location being marked thereon "drain"), designated as City of Somerville, Plan showing Proposed Location of Drain from estate of Warren E. Stock, November 15, 1894, Horace S. Eaton, City Engineer, which plan is on file in the office of the City Engineer of Somerville.

2. Said drain shall be constructed, as to dimensions, materials, depth, time of construction, manner and place of entering the catch-basin and otherwise, under the supervision of the City Engineer of said City, and in all respects to his satisfaction and as he shall direct.

3. Said drain shall never, or under any circumstances be used for any other purpose than to conduct away ground-water from said cellar, and especially no water-closet drainage or house drainage of any kind shall be allowed to enter said drain, and no pipes shall be connected with or conducted into said drain.

4. The city-engineer of said City or anyone appointed by him so to do, or any agent of said City shall be given free access and entrance to said building at all reasonable time for the purpose of inspecting said

cellars and drains, and ascertaining if it is used for any other than the purpose, as hereinbefore prescribed; and full opportunity shall be given to him to investigate in regard thereto.

5. At any time when by reason of a change of sewerage system in said street in regard to providing for storm-water or otherwise or when for any reason the Board of Aldermen of said City shall deem it for the interest of the City so to do, they may order the owner or tenant of said premises to discontinue the use of said drain, or may without any notice to anyone remove the same or cut off all connection therewith.

7. If at any time any of the foregoing conditions, provisions, or agreements shall be violated, and especially if at any time anything except ground-water from said cellar, as aforesaid, shall enter or be allowed to enter said drain, and whoever may be the cause thereof, whether owner, tenant or others, then the City Engineer or other authorized agent of said City may forthwith remove said drain, or cut off the connection between it and said house or premises, and prevent any use of the said drain.

And we John B. Humphrey and Walter B. Gates, holding mortgage upon said premises for themselves, their legal representatives and assigns, hereby agree and consent to all the foregoing provisions and conditions, and that they shall be binding upon us and them.

In Witness Whereof the said Warren E. Stocke, John B. Humphrey and Walter B. Gates have hereunto set their hands and common seal this 17th day of November, A.D. 1894.

Received the following agreement.

West End Street Railway Company

Boston Nov. 26, 1894

To the Honorable Board.

of Mayor and Aldermen,

City Hall, Somerville, Mass.

Dear Sirs:

The undersigned, on behalf of the West End Street Railway Company, desire to abandon the location for its poles on Highland Avenue, between Benton Avenue and Walnut Street, numbered as follows:

136 1/2, 11, 13, 15, 17, 19, 21, 23, 25, 32, 36, 40, 42, 44, 46, 48, 50, 52, 54, 57, 60, 62 and 64, these being the numbers of the electric light poles which the West End Street Railway Co. agreed to use jointly with the Somerville Electric Light Co.

We also agree to abandon the location granted by your Board of one pole #13, on Highland Avenue. This was inadvertently left out of the abandonment, entitling you of the locations for poles Nos. 14, 16, 18, and 20.

Yours respectfully,

Samuel Little,

President.

Boston, December 8th 1894.

Benjamin J. Towne, Esq., - 13 Lancaster Street, Boston Mass.

Dear Sir,

Relative to the request for the extension of the Highland Avenue electric line to Brandon Hills this season, or the substitution of a free transfer at Davis Square, about which I wrote you on the 11th of September it was found upon investigation to be impracticable so late in the season to undertake the equipment of the line with electricity for 1894 and does the executive Committee feel warranted, in view of the difficulties and complications of the free transfer system, in introducing it at Davis Square at the present time. It is the intention of this Company to complete its electric system for all Somerville lines as early next year as the season will permit.

Yours very truly,

B. S. Sergeant.

General Manager.
